

You are in a **floodplain** and are at risk for flood damage!

Go to

for more information and
to learn about the free
legal services available if a
flood strikes!

- Flash floods are the #1 cause of U.S. weather-related deaths
- Flash floods can occur where no streams are present
- Not all homeowner policies cover flooding
- Two feet of flowing water can sweep away most vehicles
- Just 6 inches of moving water can knock you down
